

**GREEN COFFEE BEAN EXTRACT (GCBE)**

Activates fat metabolism in the liver and maintains healthy blood sugar levels. Powerful antioxidants.

**GREEN TEA (EGCG)**

Increases fat breakdown, stimulates fat burning, suppresses fat formation and contains potent anti-oxidants and blood sugar regulators.

**CARALLUMA FIMBRIATA**

Suppresses appetite and increases energy - has been shown in studies to decrease BMI as well as waist and hip circumference.

**N-ACETYL-L-CARNITINE**

A cognitive enhancer, which has been shown in clinical trials to improve overall mood and mental function, essential for those following a low-calorie eating plan.

**LONGER LASTING**

Multiphase technology for optimal all-day-functionality.

**M-phR™**  
MULTI PHASE  
ADIPOSE BURNER  
TECHNOLOGY

**BANABA EXTRACT**

Stimulates glucose uptake, reduces insulin levels and regulates blood sugar, all of which combined, curb carb-rich food cravings.

**FUCOXANTHIN**

Targets a protein called UCP1 that increases the rate at which abdominal fat is burned. Targeted fat-burning.

**FAST-ACTING**

Rapid release capsules ensure blend is dissolved faster than regular tablets/capsules.

**RESULTS DRIVEN**

Based on the latest scientific research from across the globe, experience the power of Phedra-Cut Ultra XT and feel the energy instantly.

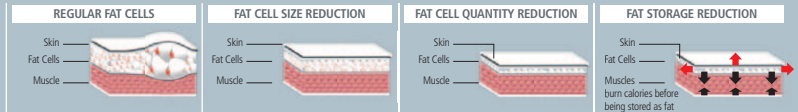

**NEW PHEDRA-CUT ULTRA XT**

# TRI-ACTION FAT LOSS<sup>3</sup>

- 1 INCREASE FAT BREAKDOWN**
- 2 MAXIMISE FAT BURNING**
- 3 REDUCE FAT FORMATION**

MULTIPHASE FAT BURNING TECHNOLOGY

**LIPOLYSIS**  
Break down your body's stored fat into glycerol and fatty acids to be released as energy into your blood stream

**FAT OXIDATION**  
Enhance your body's own natural fat-burning mechanisms to burn fat more effectively and for longer, with the revolutionary thermogenic M-phR™ Multiphase technology

**REDUCE LIPOGENESIS**  
Inhibit the process whereby calories (sugars and fat) are being converted to body fat and then stored under the skin as fat mass

Individual results may vary.
